

RoHS PRODUCT COMPLIANCE RESPONSE

PRODUCT DESCRIPTION(S):

- All “Rite&Wrap®” identified products
- All “MityMark®” identified products
- All “Pre-Titled” identified Tyvek® labels
- All “Hot Spotz II” identified products
- All orange vinyl Voltage Markers
- All TL and BD vinyl cloth tapes and refills
- All Zip-Ty cable ties
- Dot-matrix films -300, -301, -302, -303, -304, -305, -307
- Thermal Transfer Label films -401, -402, -403, - 404, -407, -408, -409, -700, -701, -703, -706, -711, -712, -713, -723, -727, -728, -729, -730, -735, -770, -771, -772, -773, -776, -777, -778
- Laser Printer films -600, -602, -603, -604, -605
- Inkjet Printer films -800, -801, -802, -803, -804, -805
- All Thermal Transfer ribbons

We have contacted our suppliers concerning the raw materials used to produce the above products. All materials used to manufacture these products comply with EU Directives 2002/95/EC, 2003/11/EC, and 76/769/EEC. These directives spell out maximum allowable levels of heavy metals, PBBs and PBDEs, PentaBDE and OctaBDE as well as various phthalates, bromodiphenyl ethers and polybrominated biphenyls.

Since all of our raw materials are RoHS compliant and we do not knowingly use or intentionally add any RoHS restricted materials during the manufacturing or packaging processes, we make the interpolation that our finished products are in compliance with RoHS directives.

Please be advised that we do not routinely analyze our products and it is, therefore, not possible for us to state categorically that our products are “free” from these substances. Trace amounts may be present in the environment, giving the potential for low-level contamination.
